

Canadian On-Farm Food Safety Working Group

Meeting Report - Conference call– January 22, 2010

COFFS working group held a conf call meeting on Jan. 22, 2010. The agenda of this meeting focused on timing of work prior to face to face meeting, for the first and second fiscal year.

An update was given on work already commenced for this contract. This included the Internal Audit workshop, the website upgrades, the newsletter and the review of the audit and HACCP training courses.

An update was also given on dialog with CFIA on pending changes to requirements.

Top priorities identified during the meeting were the internal audit workshop and the audit frequency work (to start April 2010.)

A discussion was also had on communication and how to ensure that the website becomes a hub of accurate up to date information for all partners in the On Farm Food Safety programming.
